

OCT 78

October 22, 1978

Dear Pilots,

Your officers met in Hollywood, Florida on October 16th 1978 to discuss this year's meeting and other pertinent matters.

We have a name! International Social Affiliation of Women Airline Pilots, which will be fondly (we hope) be known as ISA + 21 for the twenty-one charter members.

Valerie Walker Petrie has been appointed staff writer and artist. Her duties will be to design a logo for ISA, and also to write some articles reflecting the positive side of women flying with the airlines. Valerie is a talented lady and we're pleased she has accepted this job.

The next meeting/party will be in the Miami area at the Diplomat Hotel, Hollywood, Florida, May 28 - 30. Plan now to attend and please pass the word around to the other women who fly for major airlines. We are defining 'major airlines' as a certified scheduled aircarrier under Part 121, operating at least one type of aircraft with a gross weight in excess of 90,000 lbs. If you know women who meet these requirements please notify membership chairman, Mary Bush. We want a good turnout. HALP (husbands of airline pilots) will be on hand with fun and games, so bring your favorite guy.
