

Date Sent July 22, 2020

From Erin Jackson, ISA+21 Communications Director

Subject Subject: A Message from your Treasurer

Dear ISA+21 Members,

I hope this email finds you in good health. I'm emailing you to give you a financial recap of 2019, which would have normally been sent out in May before our conference. However, the pandemic of COVID-19 has caused delays and numerous adjustments which have resulted in an extended timeline sending out this report. Please find the attached treasurer report for your review. I will be addressing the report in detail at our conference in September in Louisville.

For questions, email me at treasurer@isa21.org

Here are some of our highlights:

- Gained over \$65,000US in scholarship fund investments.
- Received over \$100,000US in donations.
- Awarded over \$100,000US in 2020.

 [2019 Financial Report](#)

Since September, the Board of Directors has been meeting virtually at least one a month. We have been working hard to re-invest our earnings back into ISA+21 to transform us into a larger, stronger voice for female airline pilots.

If you would like to review the board meeting minutes for our meetings since September, click on the link below.

Also, please remember that we are waiving the annual membership fee for our furloughed pilots and those who are struggling financially. If you are in this group, please reach out to our membership chair at membership@isa21.org.

Stay safe, and hope to see you in Louisville.

Kyoko Kimura
ISA+21 Treasurer
