A message from your Communications Director, Erin Jackson:

We are excited to announce a new feature called the "Membership Spotlight" that started last month. Please view the October and November Spotlights below! We have been posting these on all of our public social media platforms, as well as a Throwback Thursday each week featuring ISA+21 members. This has increased public engagement with our organization, and our reach to all corners of the globe! There has been an overwhelmingly positive response to our members' stories.

If you have any Spotlight or TBT content and ideas, please email communications@isa21.org

Please join in supporting our mission by following our *public* social media platforms (linked below).. and if you see a post you like, share it to your own circle of friends on your personal social pages!
